WELCOME ADDRESS

Dear friends and colleagues,

On behalf of the MPA EXCO, I am pleased to announce that the 35th Annual MPA Congress will be held from 27th to 30th June 2013. After a lapse of 12 years, we are going back to Pahang and the venue that we have chosen is Bukit Gambang Meetings, Incentives, Conferences and Exhibitions Centre (M.I.C.E.) Kuantan, Pahang. The theme for this year’s congress is ‘Emergency Paediatrics - Towards Excellent Care’. An array for very interesting scientific programmes have been drawn up to appease even the most discerning of you. There is something for everybody with 4 pre-congress workshops, 5 plenary sessions and 15 symposia. But alas, MPA Congress is not all about the scientific programmes and updating yourselves with the latest in paediatrics. This is a good opportunity for us to catch up with ‘old’ friends and making new ones and improving networking among all members - including from government and private institutions and the universities. With that in mind, we have arranged awesome social events waiting for you - from games, safari, water-park to themed dinners. So mark the dates and bring your family along and we promise that you will have a truly enriching experience.

We have planned games reminiscent of the old days…. volleyball for the guys and netball for the ladies, amongst others…. so please bring along your sporting attire, and not forgetting the analgesics that you might need once the games are over. Hopefully we can have the ‘veterans’ against the ‘young upstarts’ and I am counting on Prof Fatimah Harun & Datuk Kuan GL to again lead the ‘veterans’. As for the guys, well hopefully Datuk Sham Kassim & Datuk Zulkifli Ismail will lead the veterans out…. So hurry up and send in your registration forms. See all of you in Bukit Gambang.... be there...

The two main attractions in BGRC is the water theme park and safari park. The Bukit Gambang Water Park, which covers a total area of 45.8 acres, offers multiple fun water attractions suitable for the whole family. It is also the award-winning best water park in the country by Malaysia Association of Amusements, Theme parks and Family Attractions (MAATFA). At Coco Beach, a 24,000 sq. feet wave pool is the only one in the country that offer eight wave patterns which includes the one of its kind double diamond wave. The specially designed Penguin Island is a dedicated area for children where even toddlers can enjoy.

The Bukit Gambang Safari Park is a 138-acre, one of its kind safari and largest in the country is deemed to overwhelm its visitor with a day and night safari open daily, rain or shine. With the concept of an up close and personal encounter with the wild, one will definitely experience the wild like never before. Amongst the highlights available in the safari park are the intensive collection of nocturnal animals including the world’s only nocturnal monkey, an exclusive section named Foreign Village that showcases a collection of animals from all over the world for a see-touch-learn experience and the largest Wild Savannah which includes the famous African Savannah, Australian Outback, Tropical Rainforest and Land of the Dessert and more.
