

UPDATE IN PAEDIATRIC INFECTIOUS DISEASE

Paeds ID (From Newborn to Adolescence) for Practicing Physicians

DATE : 3rd - 4th AUGUST 2018

VENUE : RASHDAN BABA AUDITORIUM
COMPLEX OF THE DEPUTY VICE CHANCELLOR
(RESEARCH & INNOVATION)
UNIVERSITI PUTRA MALAYSIA
SERDANG, SELANGOR

WELCOMING ADDRESS

On behalf of the Organising Committee, it gives us great pleasure to invite you to our Annual Update in Paediatrics. For this year, we have chosen to focus on Paediatric Infectious Diseases with theme being Paeds ID (from Newborn to Adolescence) for Practicing Physicians. This meeting is scheduled from 3rd-4th August, 2018 at UPM, Serdang.

We have lined up interesting and up-to-date topics that highlight current issues in Paeds ID, and invited prominent speakers related to the chosen topics. As usual, there will be interactive mind-boggling case-based sessions which will be presented by our paediatric trainees. We are also inviting abstract for poster presentation. Format and date of final submission, please refer to the details as given in the brochure.

This seminar is designed for paediatricians, family physicians, general and nurse practitioners caring for children. It is also meant for both the paediatric and family medicine trainees, as well as students (both undergraduate and postgraduate). By attending the seminar, you will update your knowledge on clinical issues by reviewing hot topics and recent practical advances in issues discussed.

This year the venue will be at our new impressive building in Universiti Putra Malaysia (UPM). UPM provides a few attractions galore on its own; these include 'Muzium Warisan Melayu Heritage' and Equine Centre. Putrajaya is just next door, offers a wide range of attractions-beautiful mosques, spectacular bridges, lovely lakes and gardens. The nearby shopping mall is either IOI City Mall or Mines; with all shops and restaurants you would expect in any big malls. You will have the opportunity to enjoy many other things in and around the UPM campus apart from the conference.

On behalf of the Organising Committee, we extend a warm welcome and a great day

We look forward to seeing you in August!
