Subject: Requesting for articles to be published in the APJPCH Volume 3

Dear President,

It gives me great pleasure to present to you the second journal issue of the Asia Pacific Journal of Pediatrics and Child Health (APJPCH). I am happy to inform you that APJPCH will publish a journal(s) on quarterly basis, effective this year.

I am certain that the journal selected will prove to be a valuable research tools as well as reference for academics and practitioners.

APJPCH is the official e-journal of APPA.

I, therefore would like to encourage each of the APPA member countries to contribute at least 1 (one) article for the e-journal in each volume. Please share specific issues in your own country so we can learn from each other experiences.

I, personally hope that our e-journal will become one of the go-to publish-and-read journals for not only Asia Pacific paediatricians as well as other paediatricians in other regions in the world.

We are looking forward to receiving extraordinary articles from every APPA member countries and to promote child health development in Asia Pacific countries.

Yours sincerely,

Aman B Pulungan
President, Asia Pacific Pediatric Association
