

[Online Seminar - **CPD points** will be awarded]

MPA-Cochrane Malaysia on using Cochrane evidence in paediatric practice

Session 1: Thursday 22 April 2021, 2pm - 4pm
Session 2: Wednesday 28 April 2021, 2pm - 4pm

*Thanks to funding from the National Institutes of Health, Ministry of Health, Malaysia, the Cochrane Library is now **available free to all residents of Malaysia.***

Don't miss your chance to join us at our first specialty seminar, **MPA-Cochrane Malaysia seminar on using Cochrane evidence in Paediatric practice**, on April 22 and 28, 2021.

What can I learn from the seminar?

This 2-part specialty seminar is designed to familiarise Drs in Paediatric practice, with the Cochrane Library. In the first session you will hear about how to get the best out of the Cochrane Library and in the second session together we will look at how to apply Cochrane evidence to clinical cases. You will hear from our MPA President, other key people in Malaysian Paediatrics and the Co-Directors of Cochrane Malaysia who are both Paediatricians and Cochrane Trainers.

Who can join? It is **free** for anyone who is interested in Cochrane Library, Evidence-based medicine, Systematic reviews.

How to register? Sign up for the registration pages for [Session 1](#) and [Session 2](#) to join live or view sessions on-demand! All sessions will be recorded and available to registrants after the live event.

Will CPD points be given? Yes, 1 CPD point for each session will be awarded.

Speakers

Dr Tan May Loong, Co-Director, Cochrane Malaysia

She graduated from the Faculty of Medicine, University of Malaya in 2001 and received Membership of the Royal College of Paediatric and Child Health, UK in 2006. She has worked in the Ministry of Health hospital as a Paediatrician from 2006 before joining RCSI & UCD Malaysia Campus (formerly Penang Medical College) in 2009. She is currently the Vice-Dean for Research and Senior Lecturer at the Department of Paediatrics. Dr Tan is the Co-Director of Cochrane Malaysia since 2018. Her work in Cochrane includes training on review production and interpreting reviews as well as dissemination of review findings.

Tony Aburrow, Senior Editor, Wiley

He has worked in various editorial roles in the Cochrane Team at Wiley for the past 6 years. As Senior Editor, Tony works with Cochrane to guide editorial policy and uses data insights to inform strategies around product development, sales initiatives, and open access models. He also holds an MA in Language and Linguistics.
