

Optimising Childhood Growth at the Primary Care Level

WEBINAR

Saturday | Nov 19, 2022 | 3:00 PM - 5:30 PM

REGISTER NOW

Growth faltering can happen at any stage in childhood and is often undetected until the child is already stunted. Regular growth monitoring & early intervention are important to enable children to reach their growth potential. Join us in our webinar as our multidisciplinary experts share how you can optimise children's growth at the primary care level.

Who Should Attend

- Pediatricians
- Medical Officers
- General Practitioners
- Family Medicine Specialists
